THE CLASS OF
1969
DEDICATES THIS YEARBOOK TO
MRS. B.

SUPERINTENDENT

Dr. See
Superintendent

The success of Penta Vocational High School students proves that the investment of our tax dollars in vocational education is wise.

I am honored to be chosen to serve the schools of the Penta County Vocational School District.

I shall work unceasingly for Penta. I am fully committed to the objectives of vocational and technical education in northwest Ohio.

My best wishes go to our 1969 graduates. The Penta County Vocational Board of Education and its Superintendent are proud of these fine young Americans.

Jacob H. See

Mrs. Hosafros
Secretary

DIRECTOR AND STAFF

Mr. Kingsley
Director

We are proud of the manner in which Penta-County students have responded to the needs of our school. This yearbook represents an example of the manner by which students and staff have together cooperated in preparing a record of activities of the past school year.

Penta is growing in recognition and acceptance as an outstanding school in which to learn a skill and to become a contributing member to society. It is our hope that each graduate will continue to develop the skills and talents he has acquired at Penta.

INTRODUCTION
TO
ACTIVITIES

Back row, left to right: Cathy Downey, Richard Stiffler, Dan Mathews, Henry Zeller, Sue Frank. Front row, left to right: Dave Scaggs, Howard Behlmer, President, Alberta Oatley.

SR. ACPC

The Senior ACPC club is planning a field trip to the Atomic Power Plant in Monroe, Michigan on February 26, 1969. In the near future a trip to Merrill, Lynch, Fénner, and Smith is planned.

For money-making projects a powder puff football game was played earlier in the year.

Our last five weeks of school will be spent co-oping. The students who qualify for the co-op will go to school half a day and work for half a day. It will give them a chance to earn money and to gain practical experience.

Back row, left to right: Sharlee Rudes, Marie Redman, Ted Magrum, Dick Hansen. Front row, left to right: Larry Weseman, Joan Arnold, President, Paula Bertok.

JR. ACPC

The purpose of ACPC is to gain knowledge in the field of investment and to further our education in accounting. This is achieved by: guest speakers, field trips, and money making projects, such as the Powder Puff Football game that the Juniors won.

MAINLINE '69ERS

The Mainline 69'ers, under the instruction of Douglas L. Becker, are a group of students who are preparing for a career in data processing. Throughout the past year we have taken many field trips to data processing installations, have participated in a variety of social activities, and have enjoyed working together on our money-making projects.

Back row, left to right: Kathy Michaels, Cheryl Gillette, Barb Harder. Front row, left to right: Linda Okapal, President, Diana Taulker

ROHLOFF'S TURN-ONS

The Junior Office Machines Class started the year with 23 students, but at the end of the first semester Linda Duval withdrew leaving us with 22 students.

Our first class project was a candy sale which started November 8, 1968. We did very well as our profit was \$361. On November 13 we went to Toledo Trust Company. On January 12, 1969 our class went bowling at Moline Lanes. Everyone had a nice time. Hinkle's Skateland in Perrysburg was the scene for our class on January 19.

Our class is very proud of the bulletin board displays that we have had throughout the year, and surely no one can forget our display that we had on our door during the Christmas season.

After a year of experiences there's only one thing we would change—our motto to, "Do not trust machines."

Back row, left to right: Rose Sutton, Linda Duval, Colleen McManus, Debbie Wise. Front row, left to right: Joan Gaines, Marlene Helle, President, Donna Boos.

Back row, left to right: Melody Bower, Linda Hall, Wanda Kirtz, Linda Griesinger. Front row, left to right: Darlene Fulton, President: Mary Jane Pfaff.

SECO

The Secretarial Education Club of Ohio is composed of members who plan to become skilled secretaries in the business professions. The main purpose of the club is to create and develop good character and leadership, to create and develop proper ideals and attitudes, and to promote cooperation with one another.

Back row, left to right: Betsy Behan, Vickie Butzin, Lynn Niedzwiecki. Front row, left to right: Lynne Dodson, Dorothy Schriefer, President.

BUSY BEE STENOGRAPHERS

The Busy Bee Stenos have been busy throughout the year taking field trips to Toledo Trust, Lucas County Court House, Ohio Bell, and the Municipal Court in the Safety Building. These field trips were made possible by money made on our candy sale, which took place in November. By paying monthly dues, we were able to purchase club pins for each member.

In addition to our regular business meetings during Activities Period, we have had guest speakers, including Mary Ellen Reihing, a Junior at St. Ursula who has been blind since birth; a representative from Patricia Stevens; and a speaker from the Toledo Bar Association. At our December Activities Period part of the class acted out a play entitled, "Christmas Recaptured."

LIVE WIRES

The Live Wires consists of the junior data processing class. The purpose of our club is to further our education of data processing by such things as going on field trips. We have gone to the Toledo Trust Bank and Marathon Data Processing Plant in Findlay. In April we attended a data processing convention near Athens, Ohio. This was a meeting attended by data processing students all over the state to establish a state club. We earned money for this trip by several projects, including a candy sale last fall.

Back row, left to right: Sue Friedt, Barb Hetrick, Lonnie Gambill. Front row, left to right: Debbie Beehner, Sally Cluckey, President, Pam Cadaret.

DITTO DUPIES

The purpose of the Ditto Dupies is to be skilled in the kind of jobs they want for the future.

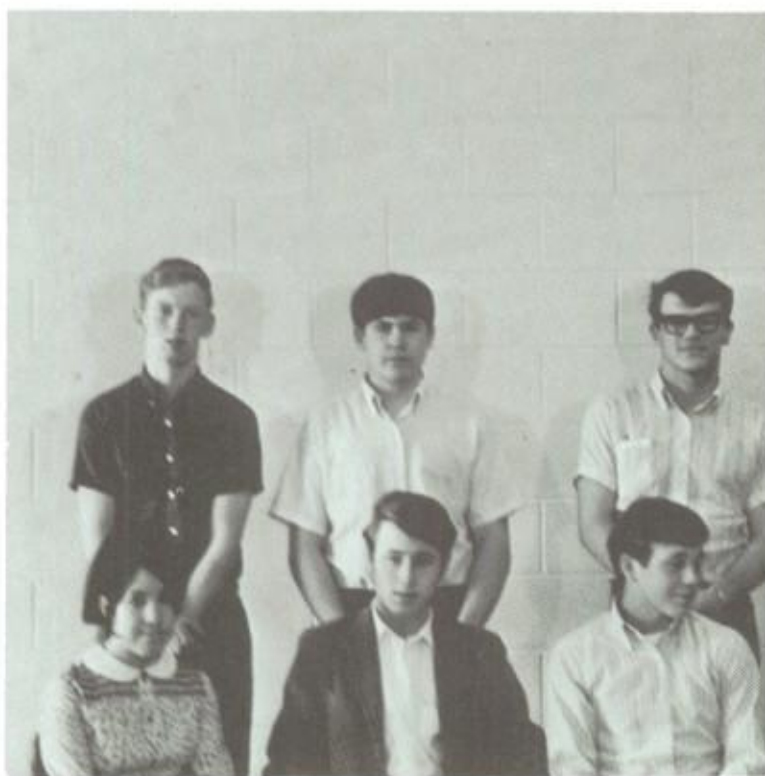

With their teacher, Mrs. Ann McCleary, the Club sold candy for field trips taken during the year.

The DD's had a class dinner at the end of the year at Smith's Cafeteria in Westgate. They then went to see the movie "Romeo and Juliet."

Back row, left to right: Jan Mazey, Denise Mazur, Brenda Myerholtz. Front row, left to right: Alice Herman, President.

DECA I

Back row, left to right: Richard Hicks, John Haar, Royal Meeks. Front row, left to right: Don Johnson, Jobie Ousley, President, Martha Sanchez.

DECA II

Back row, left to right: Bob Allen, Ken Austin, John Weber. Front row, left to right: Nancy Hall, Jim Shope, President, Bertha Weber.

This year's activities began with both DECA chapters attending the Regional Conference at Bowling Green State University on October 16. During November the chapter had a formal initiation ceremony attended by Mr. Kingsley and other invited guests.

During December the DECA chapters celebrated National DECA Week, Dec. 7-14. They presented each teacher and staff member a carnation and a memo pad. A window display was used to carry out the theme of National DECA week.

At Christmas time, the DECA chapters presented a needy family with a Christmas dinner, including a tree, as a civic project.

The new year began with the District Leadership Conference on February 12. The highlight for Penta at this conference was a first place award to Jobie Ousley for his Sales Demonstration presentation. Martha Sanchez tied for third place in the Display Contest at this conference.

On March 28-29 and 30, two students represented Penta at the Ohio State Leadership Conference in Columbus, Ohio.

The Club activities were financed by member dues and a DECA calendar sale.

Throughout the school year, the DECA members helped other groups with various service projects. Among these were window displays for: National Printing Week, National Dental Health Week, National Future Farmers Week, National VICA Week. Displays for vocational programs were prepared for Commercial Art, Food Service and the Child Care Program.

To cap this year, DECA had an Employer-Employee Appreciation Banquet on April 16. Featured guests included: Mr. Pozsik, Supervisor Dean of Distributive Education; Mel Pippert, Administrative assistant to Mr. Kingsley; members of the Advisory committee.

The final activity was a picnic at Pearson Park where a strong DECA II softball team was defeated by their arch rival, DECA I.

FFA AGRIC. MECH FFA HORTICULTURE

Back row, left to right: Allen Alldaffer, Dave McGill, Bob Marlow, Dan Huffman. Front row, left to right: Arnold Brossia, Glen Schultz, President, Ken Gahler.

Left to right: Terry Wires, Jim Owens, Gary Kramp, Marty Berlin, President, Roxanne Carr, Terry McAfee, Ann Page.

"Learning to do, doing to learn, earning to live, living to serve" is the motto of this industries group of boys and girls who consist of Agricultural Mechanics and Horticulture students. This national organization has for its colors National blue and Corn gold. Their primary aim is "leadership development."

Participation by members at local, state, and national levels within the organization is the basic plan. An FFA member begins his career in agriculture as a student of vocational agriculture in high school. His classroom instruction is directly related to the occupational experience program that he pursues. Through FFA this instruction is extended to provide opportunities for the member to demonstrate his leadership ability and his knowledge of agriculture.

C O E I AND II

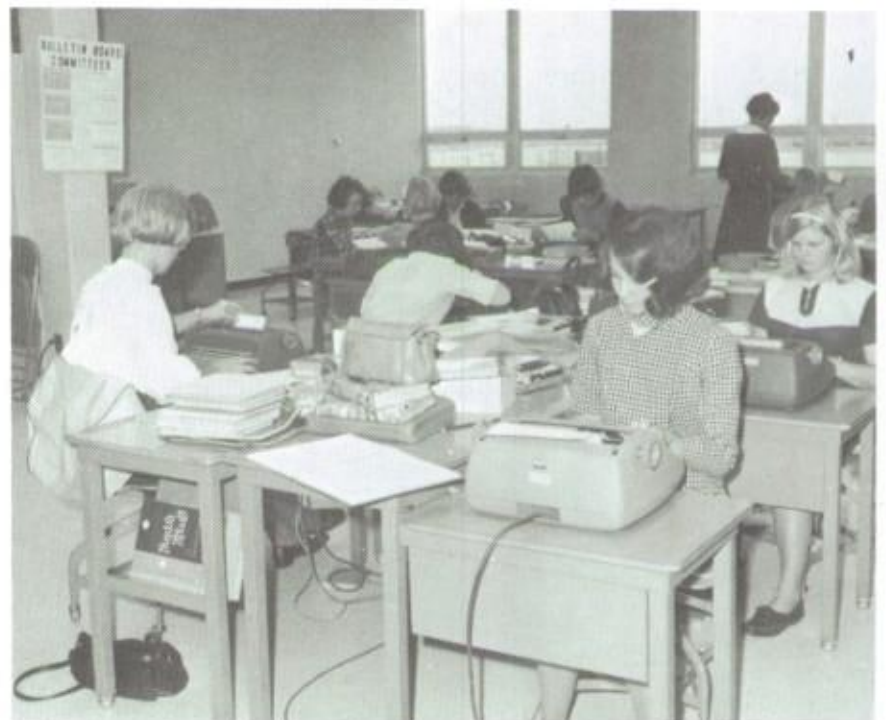

Left to right: Barbara Smietana, Karen Miller, Jackie Arnold, Sue Krumnow, President.

Cooperative Office Education Club is a state and nation wide club consisting of students from the Cooperative Education Classes of different high schools. Penta County's club includes the two classes directed by Mrs. Huss and Mrs. Bankey. During the year, the members held a fund raising project of selling Christmas articles. They had speakers come to their meetings, and also went on field trips. They attended a region conference in Findlay on February 8 where several of the members placed in various contests. Also this year they attended the state convention held in Columbus on March 7 and 8, where the next state officers were elected. They ended the year with an Employee-Employer banquet which proved to be very successful.

Left to right: Joyce Peters, President, Jean Mahler, Karen Miller, Sharon Lamb.

HOME ECONOMICS

Members who will be recognized by the club must be students in the Penta-County Home Economics Department.

There are four standing committees: Program Committee, Ways and Means Committee, Publicity Committee and the Constitution Committee.

The purposes of the club are to promote an appreciation of each department skills and ultimate goals of each area.

It provides opportunities for leadership, workmanship, and character development through business and social endeavors individually and in groups.

It also provides wholesome individual and group recreation and publicizes job-training vocational home economics.

The club consists of the following executive officers which the members vote for: President, Vice-President, Secretary, Treasurer, Parliamentarian, Recreation Leader, and News Reporter. These officers are elected for one school year.

Back row, left to right: Sue Lockhart, Bonnie Bankey, Chuck Meyers, Marilyn Wachter. Front row, left to right: Mickey Garverick, Diane Rowe, President, Candy Seeman.

PENTA STAR

This year, The Penta Star, has had more news, more editions, and made more money than any year previous. When the school year started in the fall, the students who make up the staff of the paper made up their minds that they were going to make their paper a paper worth reading.

In the past, the largest number of publications during a year was two. This year we have published eight editions, nearly one per month. This is a giant step in the right direction. In future years we hope that the "Penta Star" will grow and become the kind of paper that all of our students can be proud of.

Back row, left to right: Bob Allen, Larry Weseman, Ted Magrum, Scott Crawford, Judy Wenzlick, Valerie Langschied. Middle row, left to right: Janice Tomanicek, Karen Kruse, Lenor Lopez, Sue Lockhart. Front row, left to right: Michele Arndt, Marty Sprunk, Editor, Pat Michael.

STUDENT COUNCIL

Back row, left to right: Gary Toland, Shirley Gahler, Lem King. Front row, left to right: Ray Sherman, President, Dave Graham. Not pictured: Claudette Papik.

Penta's Student Council was very active in the Toledo Area Student Council this year. Many attended the Area Council dance at the Parkcrest. We were very proud of our Queen, Pat Ritenour. We visited other schools during the Inter-School Exchange project and students from the Toledo area visited Penta. We sponsored a basketball game between our faculty and Channel 24 All Stars.

These pictures were taken at the Area Student Council Dance at the Parkcrest. Queen Pat and Dennis Fletcher, Gary Toland, Sue Stevenson, Claudette Papik and Ray Sherman and our Queen, Pat Ritenour.

JUNIOR VICA OWE

Back row, left to right: Vickie Marlow, Candy Doty, Don Culbertson, Sam Farmer, Gary Mutchler, Nancy Price. Front row, left to right: Cheryl Staschke, Mike Cammarn, Dave Graham, Jan Gorva.

Back row, left to right: Greg Wegman, Jim Myers, Bill Runion, David Durfey, Rick Runion, Ron Roland. Front row, left to right: Margie Schneider, Darcy Mottmiller, President, Marie Maire, Ron Taylor.

In the Junior VICA Club at Penta County there is a total of 192 T&I students that became voluntary members. The total at Penta County who belong to the Vocational Industrial Clubs of America is 476 which is the largest in Ohio and one of the 10 largest in the country. Of the total in VICA there are 51 professional members. Nearly every junior teacher has also joined on the professional basis.

The meetings are held once a month. The purpose of this club is to promote Leadership in the World of Work.

In November we attended the Fall Conference in Columbus for the election of State officers; Jim Potter ran for Parliamentarian and lost by only a few number of votes.

Last year Rodger Kalmbach was elected National Vice-President in Oklahoma City of 1967-68.

'69 VICA CONVENTION

SENIOR V I C A

Back row, left to right: Janice Heller, Ron Gries, Les Bowyer, Kathy Freniere, Bill Stivers. Front row, left to right: Kay Haley, Jim Potter, President, Lem King, Sharon Lenz.

The Vocational Industrial Clubs of America is a national organization for youth—boys and girls enrolled fulltime in trade and industrial education classes.

VICA is the youngest national vocational youth organization and a potential of more than three hundred thousand members.

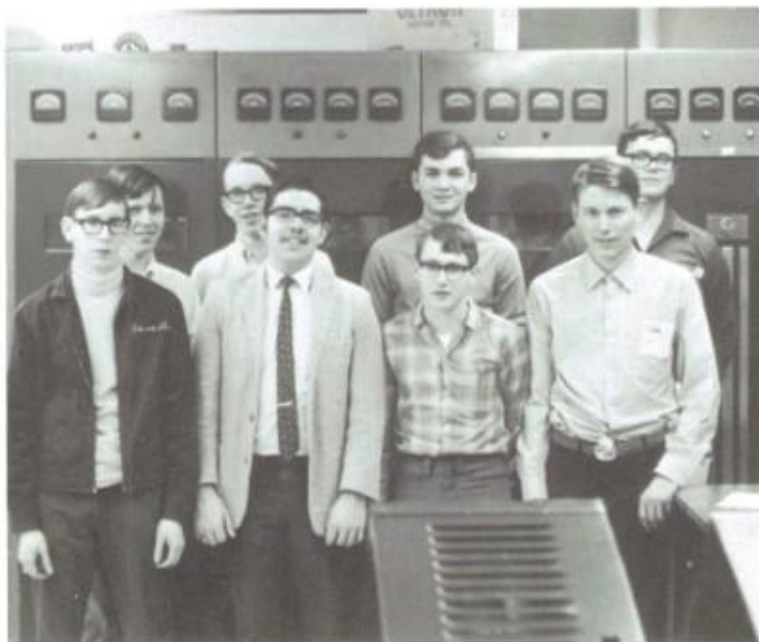

The goal of VICA is to help students with interests in the Trade, Industrial, or Technical fields become happy, mature, and productive citizens.

Any student enrolled fulltime in Trade and Industrial Education classes may become a member. Membership is voluntary.

INSTALLATION OF OFFICERS

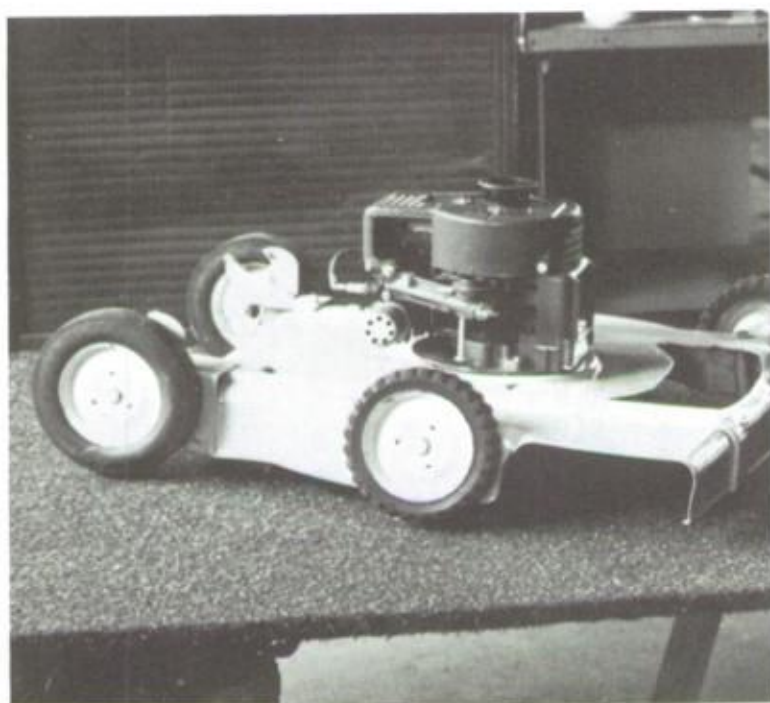

AMATEUR RADIO CLUB

Back row, left to right: Dick Lohey, Chris Burkett, Tim Labram, Mike Jones, President. Front row, left to right: Warren Hughes, Don Culbertson, Dick Leu, Alan Rogers.

This club was established to help obtain a license and to form a station at Penta, also to further the interest in the education of our club and in electronics add fellowship of the school. We strive to push the advancement of communications and amateur radio.

The Agriculture classes exhibited this mower at the Wood County Fair. The boys made a "cut-a-way" and hooked it up to a motor and demonstrated the working parts of the machine.

Mr. Matteson's Senior Carpentry Class built this house on contract during their lab periods. It is a seven room house with a double garage and is located in Monclova Township.
